

code/gui/PrescriptionWindow.hpp

```
graph BT; A[code/gui/MainWindow.cpp] --> C[code/gui/PrescriptionWindow.hpp]; B[code/gui/PrescriptionWindow.cpp] --> C;
```

The diagram illustrates a code dependency structure. At the top is a header file, `code/gui/PrescriptionWindow.hpp`, which is highlighted with a gray background. Below it are two source files: `code/gui/MainWindow.cpp` on the left and `code/gui/PrescriptionWindow.cpp` on the right. Both source files have blue arrows pointing upwards to the header file, indicating that they include or depend on the header.

code/gui/MainWindow.cpp
